Our mission to serve

Leatherstocking Gas Company, LLC "LGC" is seeking natural gas utility service status from the State. Our mission is to provide low cost, domestically abundant, clean burning natural gas to the citizens of the region via a low pressure State regulated natural gas distribution network. Our goal is to provide a local benefit to individuals in the region from the natural resource in the region. Help us provide

LOCAL GAS TO LOCAL PEOPLE.

OUR STORY

Currently Corning is directly connected to the Marcellus production area in Tioga County PA. To date 63% of the gas on our system comes from these interconnects. Because of Corning's access to Marcellus supply it customers pay some of the lowest gas cost in NY State.
